With the first sharp breath of autumn, which renders mid-September days so bracing and the atmosphere so delicious, the thoughts of the Richmond society girls—and the smart young matrons who are not a whit behind the girls in point of charm, as well as the older and soberer gentlemen, whose tastes revert to the preferences of a generation back—are busied with the important matter of fall shopping.

the preferences of a generation back—
are busied with the important matter of fall shopping.

The display of goods in dry goods establishments give a vivid idea of the "fall procession of colors." Some of the millinery stores have had their early autumn opening and the attractions in the way of novel shapes and styles prove irresistible to the fominine fancy, which never induleses in happier flights than in the selection of hats and bonnets.

That head wear for the autumn is to be exceedingly artistic is at once apparent to those who have visited the parlors of Reinach's new store at No. 427 East Broad Street, where everything is arranged for the comfort of callers in courteous service provided and in a protucion of lovely models and materials.

The greatest taste and care in the selection of Parisian and New York creations is also evidenced by what is shown to the would-be purchaser. Amid so large' and varied a stock as that carried by Reinach it is somewhat difficult to cuil and discriminate, but in the matter of shades favoritism seems to tend toward prune, fuschia, bluet and rich tones of red and mauve, the last mentioned having been given a precedence by Queen Alexandra of England, whose influence has made it fashionable at the English court and else-

Reinach model recurring to mind as

A Reliach model recurring to mind as a beautiful example of shading is in light weight chiffon velvet of seven different red tints. The facing is of maline and a handsome bunch of red tips comes from under the brim to curl softly against masses of sunny brown or dark hair. Another model has a square brim of shirred maline bound with baby lamb kin. The crown is of the same rare fur. A black ostrich snake plume winds entirely round the crown, terminating at side back with two full tip ends. Reinach "Horse Show" hats, in all the delicate shades imaginable, hold the actention and dezzle the eyes of the seeknicate snaces integration, not the stock-tion and dazzle the eyes of the sock-after what is both dainty and elegant design and make-up.

From information blanks now being received by the important families in Richmond it is evident that the Social Register, which has proven so useful in Washington, Baltimore, Philadelphia, New York and other cities, is being extended to embrace the Southern cities of Richmond, the North Carolina cities of Richmond, the North Carolina cities of Raieligh, Charlotte, Wilmington, Asisville, Newbern and Tarboro, Charleston, Savannah, Augusta and Atlanta.

All these Southern cities, while separated, are to be under the one cover.

The prominent families are grouped together, the maiden pame of the inarried women will be indicated and the daughters and sons will follow in the order of their age, and the clubs, societies and colleges to which they may belong or have graduated from will appear opposite their respective names.

graduated from will appear opposite their respective names. What is known as Dilatory Domiciles will be issued by the Social Register in November, December, February and April for attachment in the front of the regular book, recording all the marriages and deaths and changes of residences to date, and in June a summer Social Register will contain the country addresses of not only the Southern cities embraced, but also of all the Northern cities covered at present by the Social Register, all in the one alphabetical order, the idea being that in-asmuch as the residents of all the cities re liable to meet at the same watering places in summer, it is much more convenient that the one book should cover their addresses.

The accuracy and utility of the Social Register is dependent upon the information received directly from the families

## Natural Bridge Excursion.

Natural Bridge Excursion,

The 'Natural Bridge excursion, which was given last week for the benefit of the Retreat for the Sick, was most successful and delightful. At first the number was limited to seventy-five, but as so many who hoped to go were hitterly disappointed at not being able to obtain tickets, it was raised to ninety, and even then many were turned away. A large number of guests being still at the Natural Bridge hotels, the management desired to receive only as many more, as eculd be made perfectly comfortable. Everything possible was done for these fortunate ones, and they enjoyed to the fullest extent the grand scenery, superbelimate and excellent accommodations of this noted resort.

The excursionists were Mrs. W. S. Mur-

# HONOR TO A RICHMOND LADY.

MISS EUNICE WALKER.

Miss Eunice Walker, one of Richmond's fairest daughters, was recently crowned Queen of Love and Beauty at the Coronation Ball of the Confederate Veterans, held at Hampton. Miss Walker was taken completely by surpise, and for some moments was speechless. She well descrived the compliment, for she is a beautiful young lady, and never looked better than she did that night. There was an immense crowd present, and judging from the applause, the choice was a very popular one. Miss Walker is a daughter of Mr. William A. Walker, a well-known citizen of this city, ,
